SUBJECT

Former Lake Ontario Ordnance Works RI/FS

SUMMARY

I contacted Mr. Erk to establish lines of communication between the permanent NYDEC staff at the SCA Chemical property and the COE. I asked that the field staff direct all questions and information requests regarding our studies directly to the Corps' PM, rather than to the Ames field personnel. Mr. Erk said that this would be no problem. I also indicated that drilling would begin the week of 23 May 88.
