SUMMARY

I called Ken to let him know the written order would not be signed until tomorrow morning. He wasn't happy about that and wanted to know what he could do. I explained that JOAnne Chapman said she would telephone them ~~as~~ as soon as the order was signed by the C.O., however, the ~~typing of the ord~~ processing of the order would not be complete until tomorrow morning. He said he wanted to talk to JOAnne and I gave him her number. I told him I understood the situation but that I did not have the authority to tell him to start work.
