Subject: RE: NFSS Vicinity Properties Draft Report
Attachments: KAPL Wastes.pdf

With respect to yesterday's discussion on KAPL wastes and who is responsible, I submit the attached cover sheets from reports on waste disposal by KAPL written in 1951 and 1958. I think this establishes that the KAPL operation was being run for the U.S. Atomic Energy Commission at the time of waste generation and shipment to LOSA (LOOW).

Thanks,
Kent Johnson
