MEMORANDUM FOR THE DEPUTY COMMANDING GENERAL FOR CIVIL AND
EMERGENCY OPERATIONS

SUBJECT: Niagara Falls Storage Site (NFSS), Interim Waste Containment Structure
(IWCS) Operable Unit (OU) Feasibility Study and Proposed Plan

This responds to the Memorandum to the Assistant Secretary of the Army for Civil Works from the Director of Civil Works entitled *Niagara Falls Storage Site, Interim Waste Containment Structure Operable Unit Feasibility Study and Proposed Plan* dated September 23, 2015 (Memorandum). The Memorandum requests concurrence with the preferred remedial alternative and approval to concurrently release the NFSS IWCS OU Feasibility Study and Proposed Plan documents.

I concur with the preferred remedial alternative for the IWCS OU as briefed to me on September 23, 2015 by the NFSS project manager and summarized in the Memorandum. Approval to concurrently release the NFSS IWCS OU Feasibility Study and Proposed Plan documents is granted. Also, I expressly retain review and approval authority over the Record of Decision (ROD) for the IWCS OU. However, I delegate approval and signature authority for the RODs for the remaining NFSS OUs, other than the IWCS OU, to the Commander of the Great Lakes & Ohio River Division.
