Hello [REDACTED];

I think it was a very positive event, and we were very grateful to have [REDACTED] really help. I think that the questions and her ability to answer and contribute were excellent. [REDACTED] perhaps could give a perspective on it, but I thought the panel went very well.

The US Army Corps of Engineers Buffalo District team appreciates your invitation to sit in as a panel member for the August 9th "The Processing of Radioactive Materials" talk by [REDACTED] from Washington State University.

[REDACTED] presentation was very informative and we gained insight into the community's concerns through the audience participation portion of the program. We appreciate your efforts in organizing these helpful seminars for the community.

Sincerely,
