And I should say, thanks to the Corp staff for being willing to do this. [REDACTED] and [REDACTED] were really great additions to the program.

I hope they felt welcome and how much we appreciated the contribution.

The US Army Corps of Engineers Buffalo District team appreciates your invitation to sit in as a panel member for the August 9th "The Processing of Radioactive Materials" talk by [REDACTED] from Washington State University.

[REDACTED] presentation was very informative and we gained insight into the community's concerns through the audience participation portion of the program. We appreciate your efforts in organizing these helpful seminars for the community.

Sincerely,

[REDACTED] R
