Community Input Regarding Technical Facilitation

Name (Optional) :

1. What are your expectations for a technical facilitator's focus (e.g. Niagara Falls Storage Site Feasibility Study) and role?

The technical facilitator has to be able to address the crucial question as to whether or not the IWCS is leaking.

2. What qualifications are you looking for in a technical facilitator?

Radio;ogical background and dealing with the public in a respectable and knowledgible way

3. What are your preferred means/methods of communicating with a technical facilitator (e.g., meetings, e-mail, telephone, conference calls, etc.) and frequency? emails and meetings should do it

4. What are your expected outcomes for technically-facilitated discussions?

an outcome which addresses the concerns of a beleaguered community

Please complete and place this form in the comment box before leaving the workshop. Or, please mail your responses to the address below:

U.S. Army Corps of Engineers

FUSRAP Team

1776 Niagara Street

Buffalo, NY 14207

Or, e-mail your responses to: fusrap@usace.army.mil before December 3, 2010.
