

Community Input Regarding Technical Facilitation

Name (Optional):

11-3-10

1. What are your expectations for a technical facilitator's focus (e.g. Niagara Falls Storage Site Feasibility Study) and role?

Focus Recommended: (Early in 2011) detailed report on the Leiston-Porter School District samplings taken by US Army Corps of Engineers -- the findings in "plain English" for all to read & understand.

2. What qualifications are you looking for in a technical facilitator?

↓
Unbites truth + simplicity when articulating

3. What are your preferred means/methods of communicating with a technical facilitator (e.g., meetings, e-mail, telephone, conference calls, etc.) and frequency?

Public Meeting

4. What are your expected outcomes for technically-facilitated discussions?

Details on Findings, Risks + Potential Health/Safety Risks of children + adults who commute onto Leiston-Porter property

Please complete and place this form in the comment box before leaving the workshop. Or, please mail your responses to the address below:
