Hello from the U. S. Army Corps of Engineers Buffalo District:

We are asking for your input regarding the objectives for two technical memorandums that the Corps is developing as part of the Feasibility Study for the Interim Waste Containment Structure at the Niagara Falls Storage Site.

The fact sheets discussing the purpose and objectives of the technical memorandums to identify Remedial Action Objectives (RAOs) and Applicable or Relevant and Appropriate Requirements (ARARs), and Waste Disposal Options and Fernald Lessons Learned are available for comment at:

<http://www.lrb.usace.army.mil/fusrap/nfss/index.htm#Documents>

Your input regarding the objective of these technical memorandums can be sent via e-mail to fusrap@usace.army.mil (please note "RAOs and ARARs Technical Memorandum" or "Waste Disposal Options and Fernald Lessons Learned Technical Memorandum" in the subject of the e-mail) or mailed to:
