Re: USACE  
Niagara Falls Storage Site – Building 401 Demolition  
And Waste Water Treatment Plan  
Lewiston, Niagara County  
03PR02895 (401) and 10PR05270 (WWTP)

Dear Mr. Butler:

Thank you for providing the draft copy of the photographic documentation and narrative for both Building 401 and the Waste Water Treatment Plant (WWTP) at the Niagara Falls Storage site. The material in its final form will satisfy Stipulation 1 (Recordation of Historic Structures) for the Memoranda of Agreement dated March 3, 2010, and March 2, 2011, as mitigation for the adverse effects to the former Lake Ontario Ordnance Works. The time-lapse video of the deconstruction sequence is very interesting.

The proposal for Stipulation 2 (Design of Landscape Elements) of the Building 401 Memorandum of Agreement is still outstanding. We recommend considering the design of interpretive signage of the entire site in some manner, including Building 401 as the functions of the many structures are so interrelated.

Thank you for your consultation. We look forward to working with you to complete the project. If you have any questions, I can be reached at [REDACTED]. Please refer to the Project Review (PR) number in any future correspondences regarding this project.

Sincerely,

[REDACTED]
