████████████████ response extension

Good Morning ██████

In regard to the most recent LOOW public meeting held by the Corps earlier this month, our office would like to respectfully request that ████████ be given a reasonable amount of additional time to submit comments, given that she was not able to attend due to the meeting being held in conflict with a religious holiday, as well as a delay in her receiving the materials needed to review and then formulate commentary.

I appreciate any consideration you are able to give in this matter.

Kind Regards,

████████████
