

News from the Corps

Sent: Wed 08/31/2011 2:48 PM

Hello from the U.S. Army Corps of Engineers Buffalo District,

You are invited to attend the first in a series of technically facilitated workshops regarding the Niagara Falls Storage Site (NFSS) Feasibility Study Technical Memoranda on Wednesday, September 28, 2011, from 6 - 9 p.m. in the Lewiston Senior Center, 4361 Lower River Road, Youngstown, NY 14174.

This workshop is being held to present and discuss the ***Waste Disposal Options and Fernald Lessons Learned Technical Memorandum*** that is available for public review and comment through October 28, 2011, at:

<http://www.lrb.usace.army.mil/fusrap/nfss/index.htm#Documents>

The agenda for this workshop is:

6:00 - 6:10 Opening remarks and introductions

6:10 - 6:30 Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) Process and planned public participation

6:30 - 7:30 Presentation and response to questions on key topics:

- Fernald lessons learned and applicability to the Interim Waste Containment Structure,
- Wastes in the Interim Waste Containment Structure and waste disposal options, and
- Estimated disposal volumes and preliminary disposal costs.

7:30 - 8:30 Stakeholder dialogue and input on presented information in small working groups

8:30 - 9:00 Conclusions and future activities

We are committed to working with you throughout the development of the Feasibility Study for NFSS. Please attend the workshop and provide us with your input.
