Hi [REDACTED]

I am pushing to release the Radon TM and Met. Data Assessment NLT the end of next week...

The Hypothetical Exposures TM is scheduled for release early next month.

Best Regards,

[REDACTED]

Thank you for posting the NFSS environmental radon data for 2010.  
I am updating the background info for the Radon exposure modeling.  
Is there a date for the Radon and Hypothetical Potential Exposures document public release?
