Thanks for the up date- however, I know that site well, however these are ALL addendum,  
Addendum to what, where is the original document? Some of the addendum are over 400 pages long.  
Is there an executive summary?  
I have this site on my tablet I noted there was no available WiFi at the Senior center.  
Thanks

[REDACTED],  
As a follow up for our meeting last night, the link for the Niagara Falls  
Storage Site Remedial Investigation Report and the Remedial Investigation  
Report Addendum is:

<http://www.lrb.usace.army.mil/fusrap/nfss/index.htm#Documents>

Please scroll down to the section for Environmental Investigations - Main  
Site

The Addendum is the second report down and the Remedial Investigation is the  
ninth report down.

Thank you,
