[REDACTED]
I will be available at that time. The guard has our numbers.

I received a USACE postcard for 11-30 workshop today, but no disk. I'll be at the gate probably between 11:45a.m. and 1:45p.m. Will ask the guard to call [REDACTED]. (If I need to supply a phone #, please send asap.) If he's at lunch, will someone else be available?

If you do not receive the cd in today's mail, you can come to the guardhouse tomorrow and ask them to call [REDACTED]. John will bring it out to you. We aren't allowed to leave packages with the guards.

It should be there in today's mail though.

Thank you, [REDACTED]

No disk yet - can you leave another copy in an envelope at the Buffalo District guard station (gate) on Thursday? (Will email you if it arrives in the mail on Wed.)

Hello [REDACTED]

We will accept your comments at any time.

However, if you would like our contractor to include responses to your comments in the responsiveness summary for the Waste Disposal Options and Fernald Lessons Learned Technical Memorandum, please provide them by close of business on November 16, 2011. If your comments are received after that date, our contractor will address your comments during development of the feasibility study as necessary.

Thank you,

[REDACTED]

Could I have additional time then in which to submit comments? What amount of time after which I receive the disk is reasonable from your perspective?

We have 4276 Lower River Road in our database for your address. The disk came back to us today. We looked up your address online and found out it is 4726 Lower River Road, so we will make the change and put it back in today's mail.

Nothing in the mail today, either. However, your email below indicates the Corps mailed some info six days ago.

Hello [REDACTED]

I have not received anything in the mail from the Corps regarding the public workshop as of this date. The Corps is asking that public comments be submitted by Monday and I still do not have access to the Corps' full comments to the public at the workshop, other than captions to slides. (Note: the Corps' CAC has stated that the deadline of Oct. 28th was extended to Oct. 31st to accommodate that group.)

As a courtesy, we are putting a cd with a sound file of everything that was recorded at the September 28 workshop into today's mail. The breakout table discussions were not recorded. The report outs from each table were.

Yes, we will accept your comments on October 31.
