Thank you for your input regarding the Niagara Falls Storage Site Interim Waste Containment Structure. If you would like to be added to the electronic mailing list for the site, please let me know. We send updates on the status of the site and workshop announcements out to the community through this list service. Also, we have a postal mailing list for the site. If you would like to be added to this list, please provide your name and postal mailing address.

Sincerely,

I want to continue to urge the Army Corp of Engineers to be very AGGRESSIVE in removing waste from the Niagara county site.

Of all the things the Army corp does, and of all the things our government spends money on, the most important may be to spare little expense to REMOVE TOXIC and HAZARDOUS waste from areas where citizens live, and an area that is very close to the great lakes.

Removal of the waste must be done and it must be done very soon.
