Dear [REDACTED]

A copy of the footage filmed during our visit to the Environmental Laboratory at the West Valley Demonstration Project is enclosed. The footage will be used to explain the processes used to analyze environmental samples in a laboratory to community members for the Niagara Falls Storage Site which is being addressed under the Formerly Utilized Sites Remedial Action Program.

We appreciate the opportunity to capture this process on film. Thank you for taking the time to review the material. If there is anything in the footage that you would not like us to use, please contact me at [REDACTED]

Sincerely,

[REDACTED]  
Environmental Project Management  
Team Lead
