

People In The News

Arleen Kreusch, site administrative coordinator and public liaison contact for the U.S. Department of Energy (DOE) Niagara Falls Storage Site in Lewiston, recently participated in a training and strategic planning session in Oak Ridge, Tennessee. While in Oak Ridge, Arleen joined coordinators from the other DOE centers for media and customer relations training. The coordinators also worked on the strategic planning process for the next DOE fiscal year and beyond. Arleen grew up in the Town of Lewiston and currently resides in Wilson. She is a graduate of Niagara University and has worked at Niagara Falls Storage Site on a part-time basis since 1982.
