

PUBLIC NOTICE

U.S. Army Corps of Engineers - Buffalo District RESTORATION ADVISORY BOARD Membership Solicitation for the Lake Ontario Ordnance Works Site • Niagara County, New York

US Army Corps
of Engineers
Buffalo District

The U.S. Army Corps of Engineers announces the establishment of a Restoration Advisory Board (RAB) for the Lake Ontario Ordnance Works site located in Niagara County, New York. The RAB gives the public the opportunity to regularly review progress and participate in dialogue with decision makers about restoration efforts at the former military site.

The RAB will consist of representatives of the U.S. Army Corps of Engineers, state and local agencies, as well as selected citizens who reflect the diverse interests of the local community. RAB members will review and comment on plans and technical documents relating to environmental studies and restoration efforts at the Lake Ontario Ordnance Works site. The RAB will meet on a bi-monthly or quarterly basis and the meetings are open to the public.

RAB members will volunteer to serve a two-year term and attend RAB meetings regularly. A selection panel of community members will review the RAB applications and make recommendations for RAB selection.

For more information on participating in the RAB or to obtain a RAB application, call: Sandra Chaloux, CEC, Inc. (Contractor Support), 1-800-232-7074. To be considered for the RAB, all RAB applications must be received by April 23, 1999.
