

US Army Corps  
of Engineers.

**You are invited to the:  
Lake Ontario Ordnance  
Works Site Restoration  
Advisory Board Meeting**

**Wednesday, January 12, 2000  
7 p.m. - 9p.m.**

**Meeting Location: Lewiston-Porter Central School  
Primary Building, Board Room  
4061 Creek Road, Youngstown, NY 14174**

The Army Corps of Engineers is conducting environmental investigations and cleanup activities at the former Lake Ontario Ordnance Works Site as a part of the Defense Environmental Restoration Program for Formerly Used Defense Sites.

A Restoration Advisory Board has been established to provide the public the opportunity to regularly review progress and participate in dialogue about restoration efforts at the former site. Meetings are open for public attendance and participation and provide an opportunity for interested parties to comment on environmental restoration efforts to government decision makers. All interested parties are encouraged to attend.
