Niagara Falls Storage Site/ Lake Ontario Ordnance Works Site Pre-1986 Interviews

The U.S. Army Corps of Engineers, Buffalo District, would like to interview anyone familiar with the Niagara Falls Storage Site/Lake Ontario Ordnance Works Site before 1986. This site is located at 1397 Pletcher Road in the Town of Lewiston.

The purpose of these interviews is to gather information regarding former site activities. The information will be used for the remedial investigation that is being performed for the site under the Formerly Utilized Sites Remedial Action Program.

If you were associated with the site prior to 1986 and would be willing to volunteer your time for an interview, please call:

(716) 879-4438 or 1-800-833-6390

to make an appointment.
