### Murphy's Cafe on Third

★★★½ 250 Rainbow Blvd., at  
Third Street, Niagara Falls  
(205-8341) One of the newest res-  
taurants in the Falls is worth seek-  
ing out inside the Jefferson Apart-  
ments. Gourmet coffee, solid break-  
fast fare and great lunchtime wraps  
and sandwiches should soon make  
this a city staple.

### Bandana's Bar and Grill

★★★½ 930 Lake Road, Youngs-  
town (745-1010) The place is pretty  
standard looks-wise, except that  
there are a lot of pictures on the  
walls of stars sporting bandannas.  
The food is solid, the portions more  
than ample, and the prices quite  
reasonable.

### Sandi's Family Restaurant

★★★ 2065 River Road, at Williams  
Road, Wheatfield (283-5257).  
Wheatfield residents may never see  
a Land of Oz theme park in their  
midst but this town staple can be  
counted on to provide good quality,  
affordable food. Try the apple pie a  
la mode French toast and under-  
stand — there's no place like (near)  
home.

### Steelhead Irish Pub ★★★½

453 Center St., Lewiston (754-8181).  
This spot offers a slice of the Emer-  
ald Isle, whether it be with its mu-  
sic, decor or food selection. Great  
for a sandwich or heartier fare, and  
don't forget to try the Dublin Stout  
Onion Soup.

### Pyung Taik House ★★★½

420 Niagara St., Niagara Falls  
(285-8529). This Korean Restaurant  
has a limited menu that is a delight

2 p.m. Wednesday through Fri-  
day for lunch, starting Feb. 2,  
and from 11 a.m. to 2 p.m. for  
brunch, starting Feb. 6. A res-  
taurant review earlier this  
month did not make this clear.  
The restaurant also has a handi-  
capped-accessible ramp on the  
southwest side of the parking  
lot.

## Corps Requests Input Regarding Objective for Niagara Falls Storage Site Technical Memorandum

The U. S. Army Corps of Engineers, Buffalo District, will be developing a technical memorandum to evaluate health effects associated with potential exposure to chemicals and radionuclides contained in the residues and wastes stored in the Interim Waste Containment Structure at the Niagara Falls Storage Site. The Corps is seeking input from the public on the objectives of this technical memorandum so that the Corps can address public concerns during the initial stages of development of the technical memorandum.

The fact sheet discussing the purpose and objective of this technical memorandum is available at:

[www.lrb.usace.army.mil/fusrap/nfss/index.htm](http://www.lrb.usace.army.mil/fusrap/nfss/index.htm)

Input can be sent via e-mail to [fusrap@usace.army.mil](mailto:fusrap@usace.army.mil) (please be sure to note "Potential Health Effects of Contaminants at the IWCS" in the subject of the e-mail) or mail your comments to:

U.S. Army Corps of Engineers  
FUSRAP Team  
1776 Niagara Street  
Buffalo, New York 14207

We look forward to receiving your input!

Input should be provided to the Corps by February 18, 2011 to allow the Corps to consider the input while developing the technical memorandum.
