1	Verbal	24-Sep		Supervisor, Town of Tonawanda		2	NA Cost should not direct alternative selection. Best solution is total removal.
2	Verbal	24-Sep		Resident		2	NA People are at risk and the material should be excavated and disposed of offsite.
3	Verbal	24-Sep		Tonawanda Planning Board		2	NA Public perception about radioactive material will hamper business development in the area.
4	Written	22-Sep		Supervisor, Town of Tonawanda		2	2 <i>Same as verbal</i> - Cost should not direct alternative selection. Best solution is total removal.
5	Written	24-Oct		Buffalo Niagara Riverkeeper		2	3 ARARs are not being interpreted correctly. The proposed plan overestimates the effectiveness of the landfill. The site poses an ecological risk to the river.
6	Written	26-Oct		FACTS (For A Clean Tonawanda Site)		2	14 Residential use, resident farmer scenario should be considered. Deed restrictions are ineffective. ARARs are not being interpreted correctly.
7	Written	28-Oct		Mayor, City of Tonawanda		2	2 Alternative 2 is more protective. Future costs for medical and environmental costs, and lost economic opportunities were not considered.
8	Email	8-Nov		UNK	UNK		1 "the river waste in western new york needs to be clean in the neiawanda area"
9	Written	30-Oct		11th District Legislator and Chair of the Erie County Legislature		2	1 Endorces Mr. Caruana's comments
10	email	25-Nov		Erie County Legislator, District 10		2	3 Wastes and added the potential for wind and water erosion at the site poses risks to residents near and far. Material should be moved to a more suitable place.

11	written	26-Nov		NYSDEC	2	12	Cleanup criteria for uranium and subsurface radionuclides are not being developed correctly. Lack of commitment of Federal government. Land Use Control Plan details are lacking. Worried about Legacy management not being able to implement anything not contained in the ROD.
12	written	26-Nov		Great Lakes Orthodontics/President Town of Tonawanda Development Corporation	2	1	Concerned about health and safety issues and economic impact
13	Written	26-Nov		Executive Director, Town of Tonawanda Development Corporation	2	1	Companies and their employees are deciding not to build near Seaway because of health concerns
14	written (DRAFT)	26-Nov		USEPA, Chief, Radiation and Indoor Air Branch	2	9	Alt 2 is cheaper. Responsibilities need to be more clearly specified.
15	Written	19-Nov		Erie County Executive	2	1	Alt 2 will foster redevelopment of the area
16	writenn	26-Nov		Executive Director, Ken-Ton Chamber of Commerce	2	1	Alt 2, although more expensive, will alleviate health concers
