

The seal of the U.S. Department of Energy is a circular emblem. It features a central shield with a lightning bolt striking a globe, symbolizing energy. Above the shield is a sunburst. The shield is set against a background of a gear and a flame. The outer ring of the seal contains the text "U.S. DEPARTMENT OF ENERGY" at the top and "UNITED STATES OF AMERICA" at the bottom.

You are invited to attend . . .
the U.S. Department of Energy's
Remedy Discussion with the
Tonawanda Community

Tuesday, January 31, 1995

7:00 to 9:00 p.m.

Holmes Elementary School (Cafeteria)

365 Dupont Avenue

Tonawanda, New York

The U.S. Department of Energy (DOE) will be holding a working session to continue the remedy selection process for cleaning up contamination at the Tonawanda site. DOE is interested in working jointly with community officials and residents to address this important issue and believes that *together* a solution, acceptable to all, can be reached.

To ensure adequate meeting logistics, please contact Emily Latko, Tonawanda DOE Public Information Center (716) 871-9660 if you plan to attend.
