Dear [REDACTED]:

Town of Tonawanda Landfill, # 15S29
Closure Project Planning Meeting

This letter is intended to formally notify you about, and to also invite you to attend a meeting scheduled between the Department and the Town of Tonawanda to discuss the various issues related to the closure of the Town's inactive landfill. The meeting is scheduled for:

April 29, 1998 at 1:00 PM
NYSDEC Region 9 Office
270 Michigan Avenue
1st Floor Hearing Room
Buffalo, NY 14203

The Department has been working with the Town of Tonawanda for an extended time toward completing the proper closure of the landfill, which is located off of East Park Drive in the northwest area of the town. As you will note from the items listed on the proposed meeting agenda (attached), there are numerous issues which remain to be finalized before the closure design can be completed and closure construction can proceed. While the Department and the Town have held several previous meetings to discuss these issues, it is believed that a joint project planning meeting, including all the involved parties, would be very useful at this stage. Therefore, it would be greatly appreciated if all of the involved agencies and corporations could make every effort to attend the April 29, 1998 meeting.

It is requested that you, as the designated lead for your agency or corporation, disseminate this information to all appropriate staff in order to coordinate for the proper people to attend this meeting. It is further requested that you call the undersigned, at (716) 851-7220 to confirm in advance who will be attending. If you have any proposed additions or corrections to the attached agenda, please also let me know.

Your cooperation in planning for this meeting is greatly appreciated. It is the Department's hope that this meeting will lead to an increased coordination between all the parties which are in some way involved in this project, and will result in closure/work plans which will satisfy the concerns of all parties.

If you have any questions regarding the above or the attached draft agenda, please call me. Also, please call to confirm your planned attendance.

Thank you for your cooperation in this matter.

Sincerely,

██████████
