Re: Town of Tonawanda Landfill

[REDACTED]

This letter is to invite you to an informational meeting with the members of the U.S. Army Corps of Engineers (USACE) regarding the Town of Tonawanda Landfill. The USACE is the Agency in charge of clean-up of the site. The Army Corps has determined that wastes from the Manhattan Project have impacted the landfill and the area known as the mudflats.

The Army Corps will give a brief overview of the progress and future of these sites. You will then have the opportunity to talk one-on-one with Army Corps representatives to ask questions or express concerns.

The meeting will be on Wednesday, March 6, 2002, at 7:00 p.m. in the gym of Riverview School. We will be in attendance along with the Army Corps representatives and look forward to an exchange of thoughts and information.

Sincerely,

[REDACTED]  
Mayor
