Subject: Extension of Public Review Period

[REDACTED]

I am requesting, on behalf of the residents of the City of Tonawanda, that the U.S. Army Corps of Engineers extend the public review period for the Proposed Plan pertaining to the Tonawanda Landfill Site from the standard 30 days to 90 days. This extension would allow government officials and residents ample opportunity to thoroughly review the Proposed Plan and submit questions and/or concerns that they might have. I am also requesting that the Army Corps hold their public meeting concerning the release of the Proposed Plan at the Tonawanda Senior High School. This is an issue that affects more City of Tonawanda residents than Town of Tonawanda residents. As you know from our February 8th meeting, the high school can not only accommodate a large scale presentation, but also a large number of residents. If you have any questions or concerns please feel free to call me at 998-8963. Thank you for your time and consideration.

Sincerely,

[REDACTED]
