Please contact [REDACTED] of the Town of Tonawanda Technical Support Department at 716-877-8805 with your concern as the town is the owner of the Tonawanda Landfill property.

Additional information regarding the Corps' FUSRAP-related work on the Tonawanda Landfill is available on the web at:

Subject: Town Landfill

Could someone please tell me what the most updated plans are for the landfill that borders the properties on Hackett Dr in the City of Tonawanda? My property sits right behind the dump. It smells and is full of garbage, tires, etc. The fence that divides the property line and that is owned by the town is falling apart and rusted out. I have children and many of us up here have pets that we can not let in the yard because they can get thru the fence. This is a huge safety issue and needs to be addressed. There are pools of water that have been sitting for weeks, which would be a mosquito haven if the weather were warmer. We have been dealing with this for too long! It needs to be taken care of now and nobody will give us a straight answer. [REDACTED]
