

## FACT SHEET

February 2015

### Special Studies – State of Ohio

Section 206 of the 1960 Flood Control Act, as amended  
General Investigations

#### Location

- Streams and rivers of OH, located within the Buffalo District boundaries

#### Project Description

- A Special Study will create a hydrologic and hydraulic model for portions of identified creeks and streams
- The study will determine the 1% and .2% chance of exceedence (100 and 500-year flood plain) in the area

#### Importance

- Updated flood plain information will assist local officials in zoning and flood plain management in the community

#### Consequences

- Without updated studies; communities will not have accurate and current flood plain information
