

FACT SHEET

February 2015

WATER RELATED INFRASTRUCTURE, FOSTORIA, OH

Section 219 of the 1992 Water Resources Development Act (WRDA), as Amended
WRDA 2007 Sec. 5158 (211)
Environmental Infrastructure Program

Location

- The city of Fostoria, in northwestern OH

Project Description

- Eliminate or reduce combined sewer overflow (CSO) in response to Federal and State consent decrees
- Upgrades and expansion of the existing wastewater treatment plant and the separation of combined sewers
- Authorization - WRDA 2007 Sec. 5158 (211) - \$2,000,000 for water related infrastructure in Fostoria
- Design and/or Construction is cost-shared 75% Federal and 25% non-Federal

Importance

- The City of Fostoria is under a consent decree to improve current operation of the city's wastewater treatment plant and implement construction to control CSO discharges

Consequences

- System failure will occur without upgrade or replacement
- The risk of partially treated/untreated wastewater being discharged increases without improvements to the existing system

Project Phase	Est. Fed. Cost of Phase	Federal Funding through FY14	FY15 Requirement	FY15 Budget	FY16 Requirement	FY16 Budget
Design & Construction	\$2M	\$0	\$2M	\$0	\$2M	\$0

Project Sponsor/Customer

- Sponsor - To be determined
- Customer - Fostoria, OH

Congressional Interests

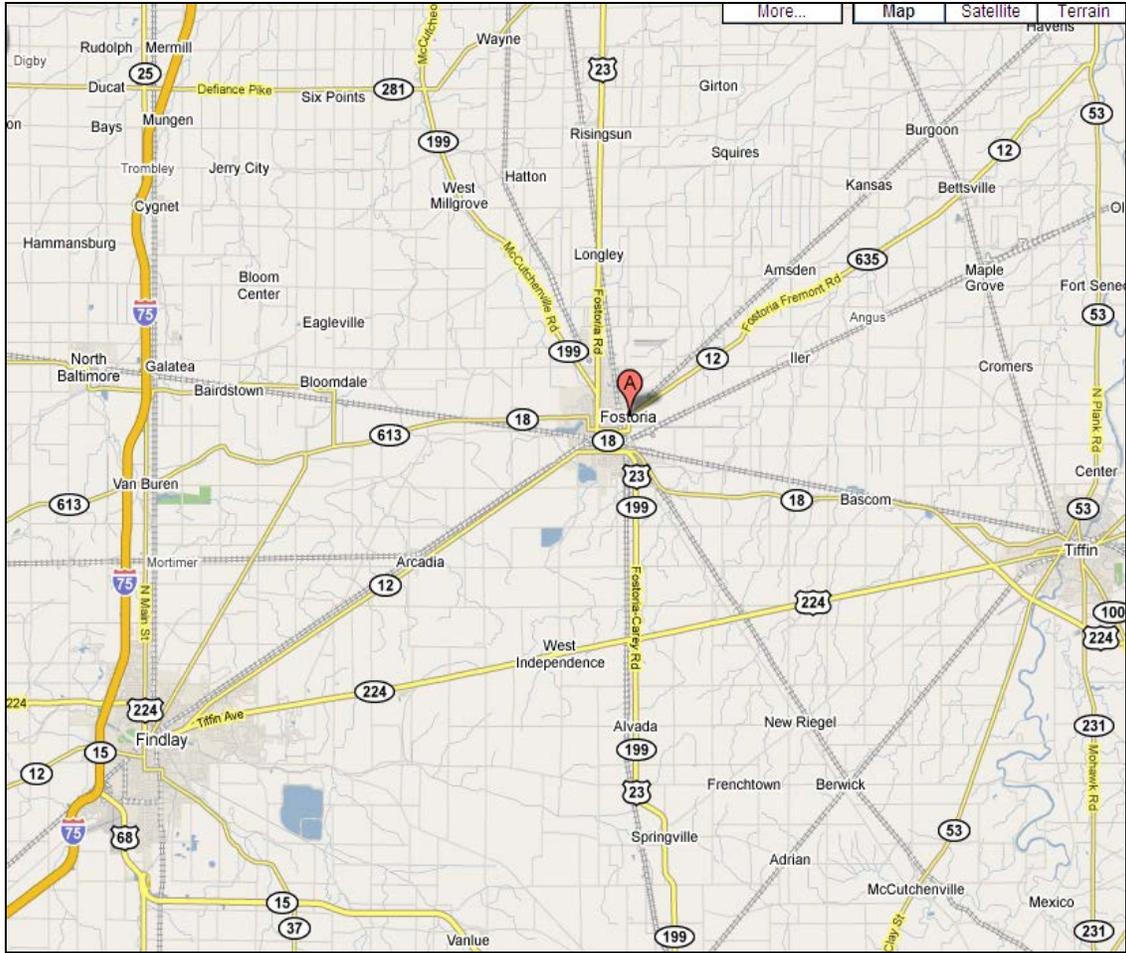

- Representative Robert Latta R-OH-5
- Representative James Jordan R-OH-4
- Senator Rob Portman R-OH
- Senator Sherrod Brown D-OH

Current Status

- Not funded, not initiated

Issues

- The project requires additional funding to move forward
