

US Army Corps
of Engineers®

Vermilion Harbor, OH

Harbor Features

- Located on Lake Erie at the mouth of the Vermilion River in the City of Vermilion, Erie County, Ohio
- Authorization: River & Harbor Acts of 1836, 1875, 1905 and 1958
- Shallow draft recreational harbor
- Project depths are 12 feet in the east lake approach channel and entrance channel and 8 feet in the west lake approach channel and upper river channel
- The harbor is protected by East and West Piers and a Detached Breakwater with a total length of 2,560 feet
- Major stakeholders include Vermilion Port Authority, private marinas, charter fishing interests and the recreational boating community

Project Requirements

- The harbor typically requires dredging every two to three years. It was last dredged in 2004 when 32,000 cubic yards (CY) of material was removed
- Non-Federal dredging of the Federal channel was completed in 2013

Consequences of Not Maintaining the Project

- Potential safety issues for recreational boating community
- Potential functional loss of Harbor of Refuge
- Negative economic impacts, locally and regionally

Transportation Importance

- Harbor of Refuge
- Supports 13 seasonal charter fishing boats generating approximately \$202,000 in annual revenue
