

## News from the Corps

Sent: Thu 7/17/2008 1:54 PM

Hello from the Buffalo District of the US Army Corps of Engineers:

The US Army Corps of Engineers (the Corps) is sending this e-mail to those individuals who have expressed interest in our projects at the former Lake Ontario Ordnance Works (LOOW) Site including the Niagara Falls Storage Site.

The Corps awarded two contracts last week with a combined value exceeding \$1.5 million to address past Department of Defense (DoD) activities at the former Lake Ontario Ordnance Works (LOOW) Site. For information about these contracts, please click on our link to the news release about these awards at:

<http://www.lrb.usace.army.mil/derpfuds/loow/#News>

Also, we've updated our "Beyond the headlines...The Corps Story" posting in our website at: <http://www.lrb.usace.army.mil/derpfuds/loow-nfss/#News>  
"Beyond the Headlines" addresses factual errors, omissions, or misconceptions contained in media coverage about the Corps projects at the Former Lake Ontario Ordnance Works Site or Niagara Falls Storage Site.

September 10 is the new date for our second public information/availability session regarding the NFSS Remedial Investigation Report. The date is no longer August 6. The meeting was rescheduled at the request of several community members, and will be held on Wednesday, September 10, beginning at 6:30 p.m. at the Lewiston Senior Center, 4361 Lower River Road, Youngstown, NY 14174. The link to this news release is: <http://www.lrb.usace.army.mil/fusrap/nfss/index.htm#News>

In the coming weeks we will be providing additional information and seeking your input to help us plan the Corps outreach activities over the next 24 months.
