

Waterways, Wetlands and You!

US Army Corps
of Engineers

- Please join the Buffalo and Detroit District Corps' Regulatory Staff for a forum that will provide an overview of their Regulatory program through presentations and handouts.
- The forum is sponsored by the Detroit District Corps Regulatory Staff and will provide an opportunity to interact with Regulatory Project Managers to discuss working in regulated waterways, wetlands, and along shorelines; when a permit is required from the Corps; and the information needed to apply for permits.
- The Buffalo District Representatives will be there to address concerns within Ohio's Lake Erie watershed including Ohio's westernmost counties of Williams, Defiance, Paulding, Van Wert and northern Mercer.

Fort Wayne, Indiana

Tuesday, April 12, 2011

Allen County Public Library

900 Library Plaza

1:30 – 4:30 p.m. and 5:30 – 8:30 p.m.
