MEMORANDUM FOR:

CELRB-PE-EE Messrs. Boglione/Kowalewski
CELRB-OC Ms. Barczak
CENAB-EN Mr. Basham

SUBJECT: NYSDEC comments on Lake Ontario Ordnance Works RI/FS

1. Reference attached 3/20/00 letter from NYSDEC (please ignore the IRA reference).
2. This letter identifies several issue related to not investigating areas because of other potentially non-DOD site users. This concern has also been expressed to me by the USEPA.
3. I suggested to Mr. Johnson that we have a meeting on April 13th. Mr. Johnson, members of CENAB, and the EA contractor should be available since our RAB meeting is the night before.
4. Please review and be prepared for discussion on the PRP issues. I previously told the USEPA we would try to explain the Corps position as they relate to PRP's, and as that relates to our investigation during the RAB meeting. Input for that discussion will be appreciated as son as possible.
5. Thank you.
