111 West Huron Street
Buffalo, New York 14202

Dear Mr. O'Connor:

I appreciate you taking your valuable time to discuss the drawings that are in your possession of the former Air Force Plant 38, Niagara County, New York.

The Buffalo District Corps of Engineers is currently conducting a Remedial Investigation at the former Lake Ontario Ordnance Works, Niagara County, New York to determine the extent of environmental contamination at this site that may be attributable to past Department of Defense Activities. The area of the former Air Force Plant 38 is part of our investigation and the drawings will provide valuable information for our investigation.

Please forward a copy of these drawings to me as soon as possible.

I commend you for recognizing the value of these drawings and bringing this matter to my attention.

Any questions related to this letter may be directed to me at (716) 879-4146.

Sincerely,

Raymond L. Pilon
Project Manager
