Dear Dr. Vena:

I would like to thank you for taking the time to present information regarding health studies at the former Lake Ontario Ordnance Works Restoration Advisory Board Meeting on September 20, 2000. The information you provided helped members of the community to better understand what kinds of health studies can be conducted, what health studies can entail, and what health studies can accomplish.

We have added you to our mailing list for the former Lake Ontario Ordnance Works Site so that you can be kept up to date on the progress at the site, and be notified of upcoming meetings. We will keep your contact information on hand so we can refer members of the community to you if they have questions regarding health studies.

Again, thank you for taking the time to present to the former Lake Ontario Ordnance Works Restoration Advisory Board members and members of the community.

Sincerely,

Stephen M. Yaksich
Government Co-Chairman
Former Lake Ontario Ordnance Works
Restoration Advisory Board
