Dear Mr. Erk:

Thank you for your letter of December 9, 1988, which provided comments on the subject report. Responses to your comments are included in Enclosure 1. I have also enclosed a copy of "Summary Report Field Reconnaissance Survey of Selected Properties." This report explains the findings of our recent survey, conducted during the Fall of 1988, of additional areas of past Department of Defense activities at the former Lake Ontario Ordnance Works that could be potential sources of contamination.

If you have any questions or additional comments, please do not hesitate to contact Mr. Lee Fuerst of my staff at 816-426-2608.

Sincerely,

Paul D. Barber
