SUBJECT: FUSRAP Guterl Specialty Steel Corporation Information Session

Mr. William Muszynski
U.S. EPA, Region II
290 Broadway
26th Floor
New York, NY 10007

Dear Mr. Muszynski:

You are invited to attend an Information Session on Tuesday, December 12, 2000, from 7 p.m. to 9 p.m. in Cafeteria C-170 of the Lockport Senior High School located at 250 Lincoln Avenue, Lockport, New York, regarding the former Guterl Specialty Steel Corporation (Simonds Saw and Steel Company).

The former Guterl Specialty Steel Corporation is located west of Ohio Street and south of Crosby Street in Lockport, New York. The Buffalo District is currently investigating this site for potential inclusion in the Formerly Utilized Sites Remedial Action Program (FUSRAP). FUSRAP is an environmental program created in 1974 to identify, investigate and take appropriate cleanup action at sites with radioactive contamination from activities that took place for the Nation's early atomic weapons program.

The first step in evaluating the former Guterl Specialty Steel Corporation for FUSRAP eligibility is to perform a Preliminary Assessment. The Buffalo District is currently reviewing and evaluating available information to determine the need for further investigation of the site to ensure the protection of human health, welfare, and the environment.

If you need further information in regard to the former Guterl Specialty Steel Corporation, please contact me at (716) 879-4200, or call my Public Affairs Office at (716) 879-4438.

Sincerely,

A handwritten signature in black ink, appearing to read "Glen R. DeWillie".

Glen R. DeWillie
Lieutenant Colonel, U.S. Army
District Engineer
