Move Heavy Snow Quickly and Efficiently

New Holland
Snow Blowers
716B

New Holland
Snow Blowers
716C

Front
Turn your New Holland tractor into a powerful snow removal machine with a New Holland front-mounted Model 716B snow blower. A front-mounted blower increases visibility and allows you to operate the tractor in forward gears for improved comfort and performance. It also provides good weight balance, so you get maximum traction with front-wheel assist tractors.

Rear
New Holland Model 716C snow blowers turn you New Holland tractor into an efficient snow removal machine. It's the easy way to clear hard packed or wet snow from side-walks, driveways and parking lots. End your snow removal problems the smart way. Put a New Holland Model 716C snow blower to work for you.

Guterl Specialty Steel Corp. (Simonds Saw & Steel Co.) Information Sessions

Tuesday, February 6, 2001
1 p.m. to 3 p.m. or 7 p.m. to 9 p.m.
Best Western Lockport Inn Ballroom
515 S. Transit Rd., Lockport, NY

You are invited to attend an Information Session regarding the former Guterl Specialty Steel Corporation (Simonds Saw and Steel Company) located west of Ohio Street and south of Crosby Street in Lockport, New York. The Buffalo District is investigating this site for possible inclusion in the Formerly Utilized Sites Remedial Action Program (FUSRAP).

FUSRAP is an environmental program created in 1974 to identify, investigate and take appropriate cleanup action at sites with radioactive contamination from activities that took place for the early atomic weapons program. The U.S. Army Corps of Engineers, Buffalo District, is reviewing reports available regarding contamination at the site to determine the need for further investigation and ensure protection of human health, welfare, and the environment.

For further information call (716) 879-4438 or toll-free (800) 833-6390
