Attention: Mr. Dave Leemhuis

SUBJECT: Discharge of Stormwater at Former Lake Ontario Ordnance Works (LOOW),

1. Per our telephone conversation Aug 31, 2000, I've enclosed a draft proposal to discharge accumulated rainwater at the Former Lake Ontario Ordnance Works located on the Chemical Waste Management Incorporated property in Niagara County, New York. Discharge of this water is required to safely excavate underground piping as part of an interim remedial action at the site.
2. I request you review this draft proposal and advise me of your position on the options. I appreciate your help and if you require any additional information you may contact me by phone at 716-879-4418, fax at 716-879-4355, or email at william.e.kowalewski@usace.army.mil.
