Subject: FW: Walkover SOW
Importance: High

Team,

Below is the revised SOW for the TNT walkover based on everyone's comments. Please review and if you have additional comments, please respond by **Wednesday, April 17th**. **No response will be taken as an indication of concurrence with the changes made.** This should be a minimal effort task! We would like to get this to the Contractor by the end of the week.

Thanks,
Debbie

Debbie,

Attached is the SOW and attachments. Hopefully we can get some better drawings prior to the contractor submitting his final report.
