Subject: FW: LOOW CMSA Water discharge plan

Water
proposal2.doc

Hi Becky and Jill,

The following attachment outlines Severson's plan for the discharge of the CMSA pad water based on our previous discussions with John and Bill (DEC) and a meeting with CWM on March 28th. Please read and let me know if we have captured all the requirements for discharging the water into CWM's Outfall #002. If you have any questions, comments or concerns, please get back to me ASAP so we can discuss, resolve and make any appropriate changes to the Plan of Action for water removal.

Again, I want to thank everyone involved as this truly was a team effort.

Debbie
