I will make this short since you don't have the funding to read this email.

Yes, Area A and Area B are listed on the NYS inactive hazardous waste registry (state superfund).

and

No, this does not affect the SOW.

I heard that Arthur Anderson will be auditing FUDS program, I sure that means there is money hidden somewhere (just kidding)

Hi Kent,

I'm slowly working on the SOW for Area A. I don't think that I received a reply from you regarding the memo below. If you have no idea what I'm talking about then I guess the site is not on the list!! If what I'm asking of you is time consuming and you don't have the time, that's fine too. I just need to know if you know anything about this site being on the "Super Fund" list.

Thanks,
Debbie

Hi Kent,

I have been tasked to complete the SOW for Area A. Mary Kay mentioned that Areas A and B may be under some NYS "Superfund" Site??? Do you know anything about this? If so, will it change the outcome of my SOW? Are their different/added regs. to follow? I would like to know up front while I'm writing the SOW and incorporate any required info into the SOW now rather than making changes during the review process. Any help would be greatly appreciated.

Thanks,
Debbie
