Gentlemen

1. Our 1999 report is complete with the exception of confirming the System Type Codes for a couple of shipments. I am awaiting confirmation from the TSDf on the ultimate treatment method. Due to the mixup in EPA ID Numbers, there are more than the two manifests you had record of for 1999.

2. The transmittal letter we received indicates you've granted an extension from the 01 Mar 2000 deadline to 21 April 2000. Please note, we received this letter and the report package on 13 Mar 00. I request an extension until 28 April 2000. I'll continue to push the TSDf for the information - but if I do not receive it tomorrow I'll not be able to meet the 21 April 2000 deadline.

3. Please advise if this acceptable. I appreciate your help on the ID numbers and look forward to hearing from you. Thanks

Bill
