Barb/John,

Here is the count rate information you requested on the West pile at the CMSA pad. I hope this helps in your determination.

Tom

Here are the count rates for sample taken from the West Pile at the CMSA Pad. I over estimated the count rates from memory.

LOOW-WP1-012	8K CPM
LOOW-WP2-013	9.5K CPM
LOOW-WP3-014	8.5K CPM
LOOW-WP4-015	10.5K CPM
LOOW-WP5-016	6.5K CPM

Count rates were collect with a 2x2 Nal detector on 12/13/04.

Paul
