Subject: Chemical Waste Management TNT Interim Removal Action

Becky Zayatz
Chemical Waste Management, Inc.
Forwarded via Fax at 716-754-0211

Dear Ms. Zayatz:

As discussed earlier today, the presence of TNT within the Contaminated Materials Storage Area (CMSA), enclosed in concrete jersey barriers, and 3 additional areas, enclosed in orange snow fence, in the vicinity of the CMSA, has been confirmed. The surface soils within the fenced areas pose a safety threat and should not be entered. The restricted access is a sufficient measure to protect the safety of anyone in the area.

I also have been notified of the CWM open house to be conducted tomorrow, September 13th. To take ultra conservative safety measures, the Corps will have one person on site to ensure these areas of concern are avoided.

If you have any questions, please contact me directly at 716-879-4119 or 716-713-9572.

Sincerely,

A handwritten signature in black ink, appearing to read "David Romano".
