SUBJECT: NYSDEC Spill No. 08-06523, Former Lake Ontario Ordnance Works (LOOW) Underground Storage Tank Removal and Site Closure, Niagara County, New York

Mr. Salvatore Calandra  
NYSDEC, Region 9  
270 Michigan Avenue  
Buffalo, New York 14203

Dear Mr. Calandra:

The US Army Corps of Engineers (USACE), Buffalo District is pleased to provide replacement pages and compact discs for the Underground Storage Tank (UST) Removal Action Report for the Former Lake Ontario Ordnance Works (LOOW) Site, Niagara County, New York, September 2008. I am also furnishing a copy of this letter and enclosures to Mr. Kent D. Johnson, PG (NYSDEC, Albany, NY).

As you are aware, your initial review of the report indicated that several Spill Technology and Remediation Series (STARS) volatile organic compounds (VOCs) were missing from the laboratory reports and summary tables. The contract laboratory has revised their reports and subsequently our contractor has revised the above mentioned report.

Please contact the undersigned at 716-879-4272 if you have any additional questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeffrey S. Hall", is written over a large, stylized signature graphic.

Jeffrey S. Hall, PE, PMP  
LOOW Project Engineer
