

## News from the Corps

### Lake Ontario Ordnance Works Site Final Remediation to Begin

Greetings from the Corps, the Buffalo District is excited to announce the beginning of the final remediation activities at the Lake Ontario Ordnance Works Formerly Utilized Defense Site. Construction is expected to begin on July 8<sup>th</sup>, 2019 weather dependent with site activities expected to end in September 2019.

"The Corps is bringing a wide range of technical experience together behind the Lake Ontario Ordnance Works remediation to initiate the final phases of this project as efficiently and safely as possible," said Brent Laspada, Lake Ontario Ordnance Works Site Project Manager. "The project has been designed and is being overseen by Buffalo District's technical experts with protection of human health and the environment as the top priority."

The Corps of Engineers is committed to keeping you informed during the cleanup of the LOOW Site. For more information about the site including our latest work plans for the current site activities, please email [derpfuds@usace.army.mil](mailto:derpfuds@usace.army.mil), visit: <https://www.lrb.usace.army.mil/Missions/HTRW/DERP-FUDS/Lake-Ontario-Ordnance-Works/> or call 800-833-6390 (Option 4).

We will periodically send you News from the Corps emails as new information is available regarding the cleanup. If you know someone that is interested in our progress, please ask them to send an email to [derpfuds@usace.army.mil](mailto:derpfuds@usace.army.mil) and ask to be added to our electronic and/or postal distribution lists.

Sincerely,

The LOOW Project Team
