

Luckey Formerly Utilized Sites Remedial Action Program Site News from the Corps

Sent Fri 2/16/2018 1:48 PM

Hello from the U.S. Army Corps of Engineers Buffalo District:

The Corps of Engineers continues to make progress toward the start of cleanup at the Luckey FUSRAP Site. Project utilities, such as electric, water, and sewer, continue to be installed and connected. The soil sorter is being calibrated and the dry fog system that will control dust by spraying a fine mist of water on the soil as it goes through the soil sorter is being tested.

The project team looks forward to talking with you at our public information session on the evening of Tuesday, March 27, beginning at 6:30 p.m., at the American Legion Post 240 on 335 Park Drive in Luckey, Ohio. The meeting will start with a brief presentation followed by a poster session.
