

## Great Lakes Orthodontics, LTD.

An Employee Owned Company

*Our Vision*

*"Delight our customers. Respect and help our co-workers."*

November 26, 2008

US Army Corps of Engineers  
FUSRAP Team  
1776 Niagara St  
Buffalo, NY 14207

To Whom It May Concern:

This letter is being written in total support of the Town of Tonawanda's position in supporting the Army Corps of Engineers Alternative #2 which provides for the complete removal of all radioactive contaminants present in the Seaway Landfill. We view the proposal to simply cap the area and leave it is not a viable alternative.

As an employee owned business, employing over 200, now located at 200 Cooper Avenue, but previously located at 199 Fire Tower Drive for 16 years, we are a concerned business for all the health and safety issues as well as any economic impact.

As the President of the Town of Tonawanda Development Corporation, I am keenly aware and concerned about the impact on any new business ventures in the Town if the Army Corps of Engineers only cap it and do not do a comprehensive remediation.

Thank you for your consideration in this matter.
